BIOGRAPHY

Ms. Chalatip Ratasuk was born on November 1, 1967 in Kanchanaburi province. After she finished high school in Kanchanaburi, she then went to study at Faculty of Public Health, Khon Kaen University, in the northeastern of Thailand. She graduated from the university with a Bachelor's Degree of Science in Public Health in 1990. After that, she continues her study for a master degree at Faculty of Public Health, Mahidol University. She graduated with a Master's Degree of Science in Environmental Technology in 1996. She started working as a sanitary officer at Bangkok Metropolitan Administration for 5 years, and move to Pollution Control Department (PCD), Ministry of Natural Resource and Environment in the position of environmental officer in 1996. She was encouraged to carry out her further study in Environmental Management (International Program) at Chulalongkorn University in May, 2000.
