VITA

Mr. Suravut Premyodin was born on October 5, 1967 in Bangkok, Thailand. For primary school, he attended the Satit Patumwan and for the secondary school, he attended the Triam Udom Suksa high school. He spent four years at the Department of Chemistry, Faculty of Science at ChiangMai University before he graduated with B.Sc. Now, he is working as a Deputy Manager in the R&D Analytical Lab at Thai Plastic and Chemical (Public Company) Limited.
