CURRICULUM VITAE

Name: Ms. Jiraporn Leerat

Date of Birth: October 27, 1974

Nationality: Thai

University Education:

1992-1996 Bachelor Degree of Science in Chemical Engineering (2nd Class Honors), Faculty of Science, Chulalongkorn University, Bangkok, Thailand

1996-1998 Master Degree of Science in Petrochemical Technology, The Petroleum and Petrochemical College, Chulalongkorn University, Bangkok, Thailand

Working Experience:

1998-1999 Position: Production Planning Engineer

Company name: BST Elastomers Co., Ltd.

Publications:

1. Seker, E., Gulari, E., Hammerle, R.H., Lambert, C., Leerat, J., and Osuwan, S. (2002) NO reduction by urea under lean conditions over alumina supported catalysts. Applied Catalysis A: General, 226, 183-192.
2. Leerat, J., Osuwan, S., and Gulari, E. Lean-burn NO_x reduction by propene over gold supported on alumina catalysts derived from the sol-gel method. Catalysis Letters, In press.
3. Leerat, J., Osuwan, S., and Gulari, E. Selective NO_x reduction over sol-gel Pt/alumina catalyst by aqueous urea solution, In preparation.

Proceedings and Presentations:

1. Leerat, J., Rirksomboon, T., Osuwan, S., and Gulari, E. (2001, November 9-10) Selective NO_x reduction over gold on alumina supported catalysts. Proceedings of the 11th National Chemical Engineering and Applied Chemistry Conference, Nakorn-Ratchasima, Thailand, CD ROM.

2. Leerat, J., Osuwan, S., and Gulari, E. (2001, April 20-22) Selective NO_x reduction by sol-gel catalysts. Oral presented at RGJ-Ph.D. Congress II, Garden Beach Hotel, Chonburi, Thailand.
3. Leerat, J., Osuwan, S., Seker, E., and Gulari, E. (2001, May 18) Selective NO_x reduction by sol-gel catalysts. Oral presented at RGJ Seminar Series: Physical Chemistry, National Corn and Sorghum Research Center, Nakorn-Ratchasima, Thailand.
