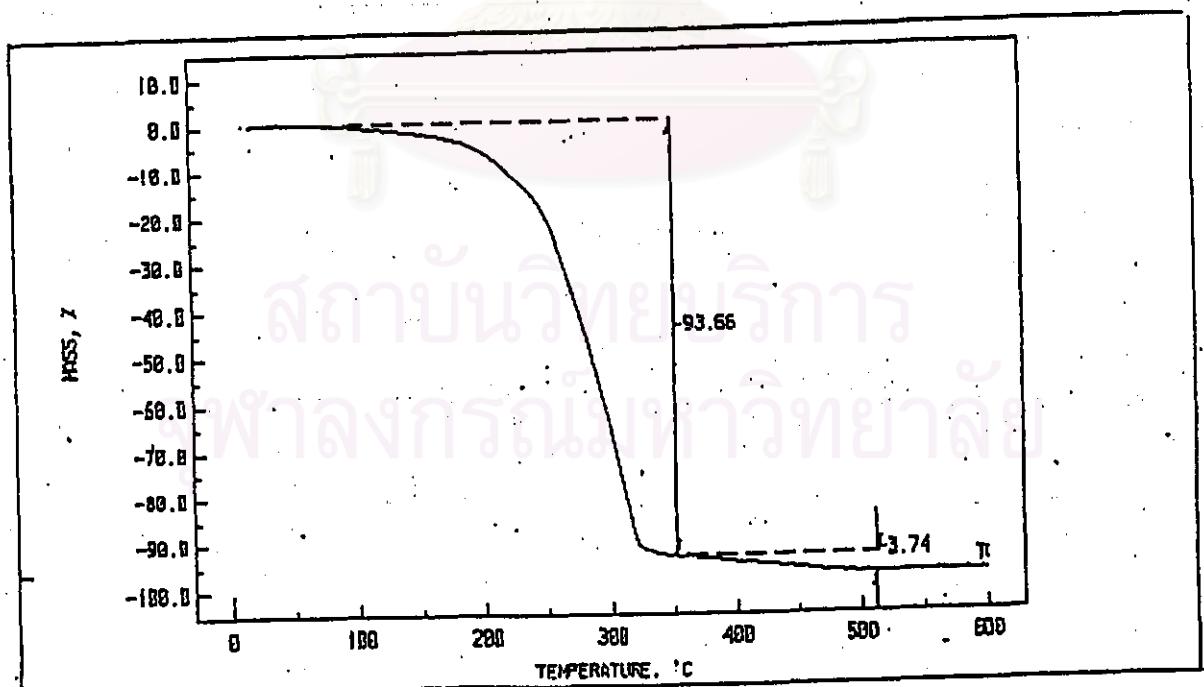

Figure C2 : Thermogram of neopentyl glycol bis(octanoate)

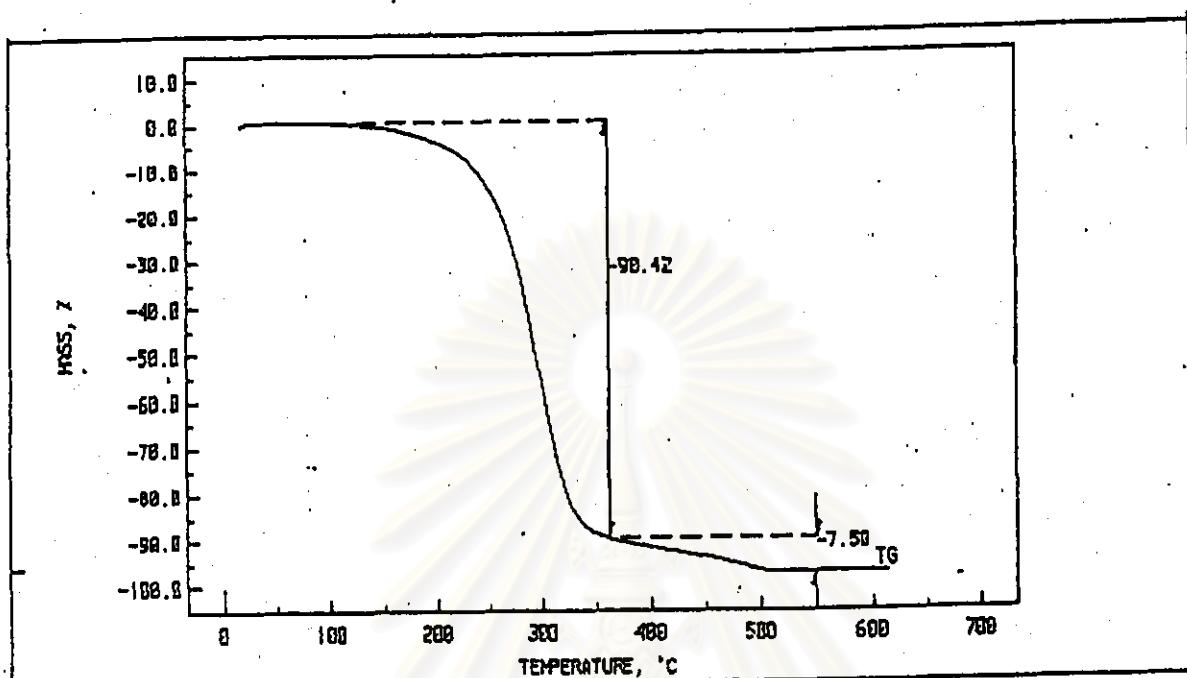

Figure C3: Thermogram of neopentyl glycol bis(nonanoate)

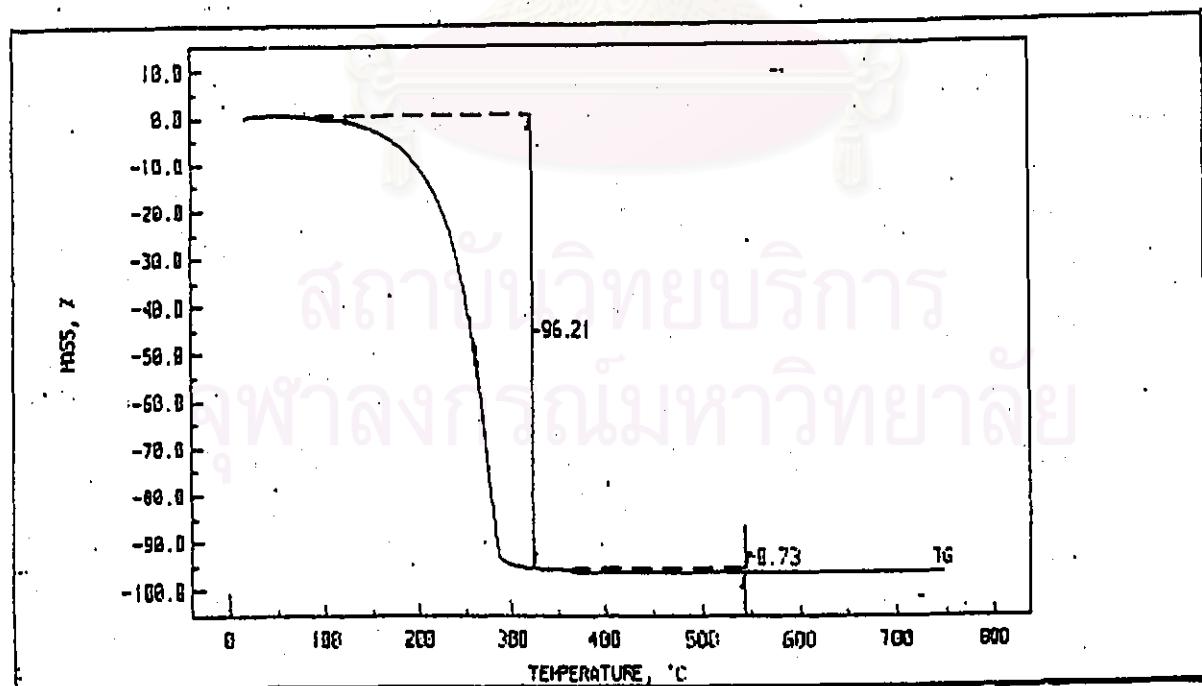

Figure C4 : Thermogram of neopentyl glycol bis(2-ethyl-hexanoate)

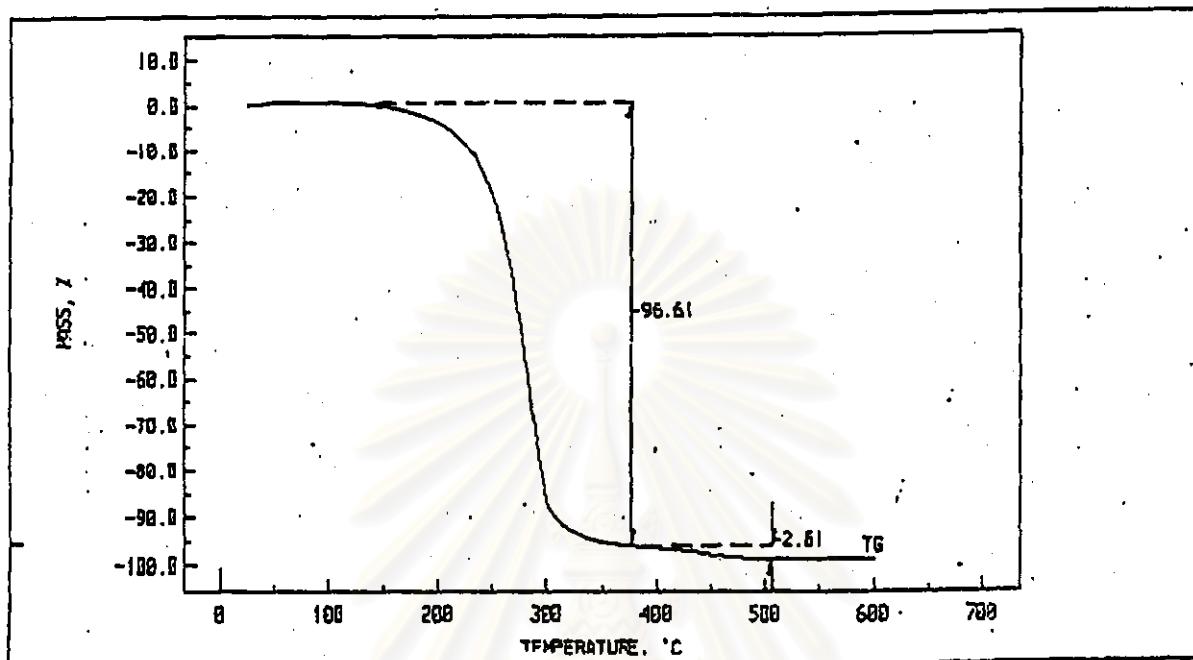

Figure C5: Thermogram of trimethylolpropane tris(heptanoate)

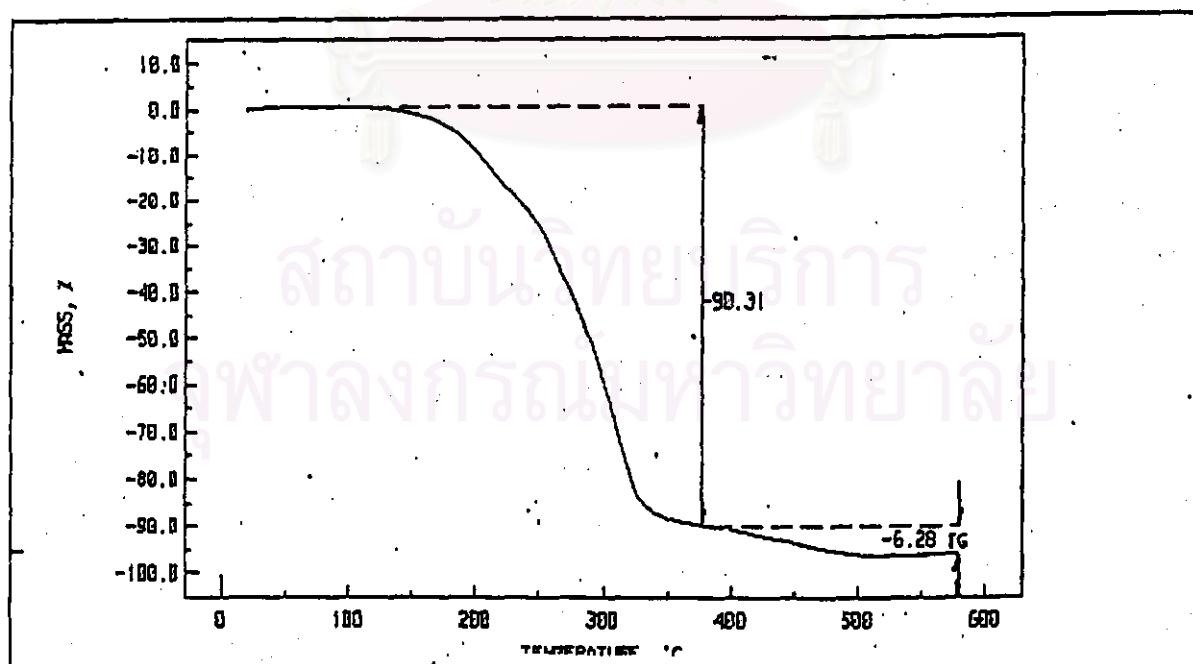

Figure C6 : Thermogram of trimethylolpropane tris(octanoate)

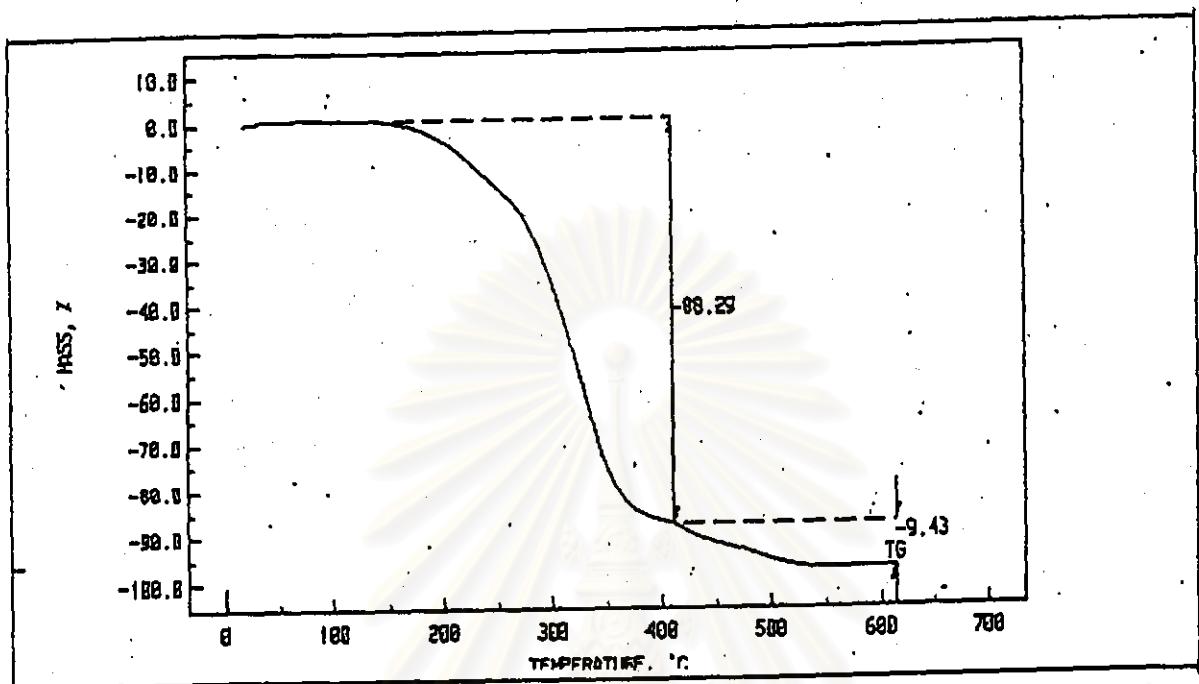

Figure C7: Thermogram of trimethylolpropane tris(nonanoate)

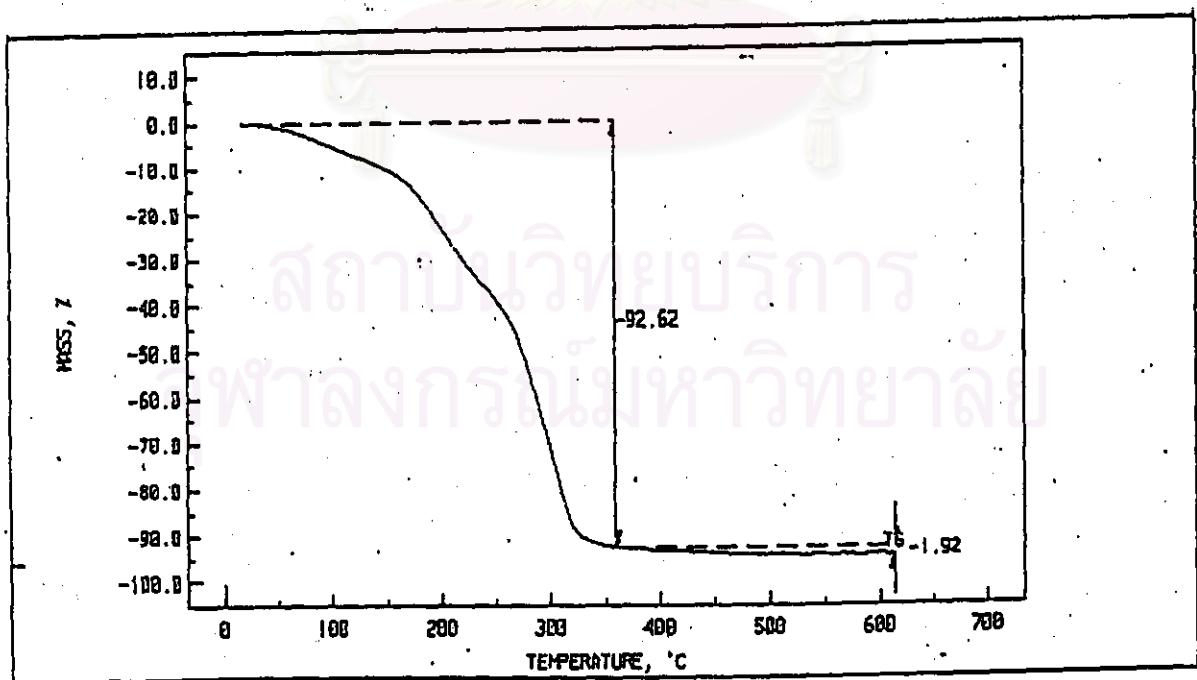

Figure C8 : Thermogram of trimethylolpropane tris(2-ethyl-hexanoate)

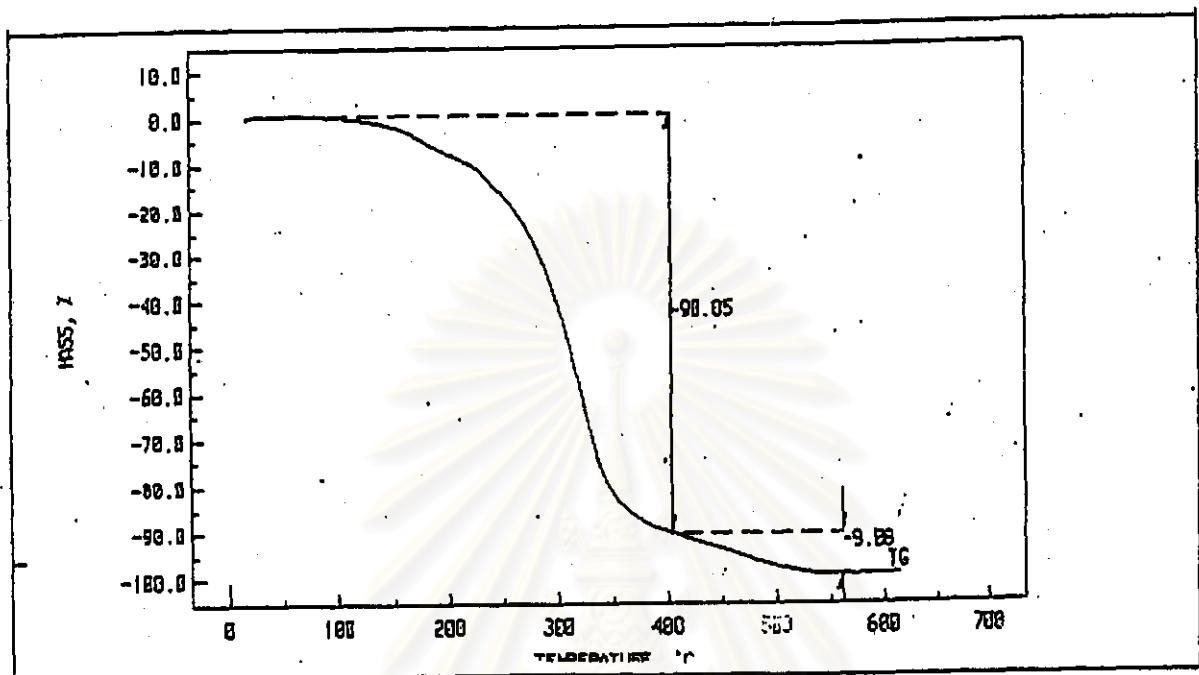

Figure C9: Thermogram of pentaerythritol tetrakis(heptanoate)

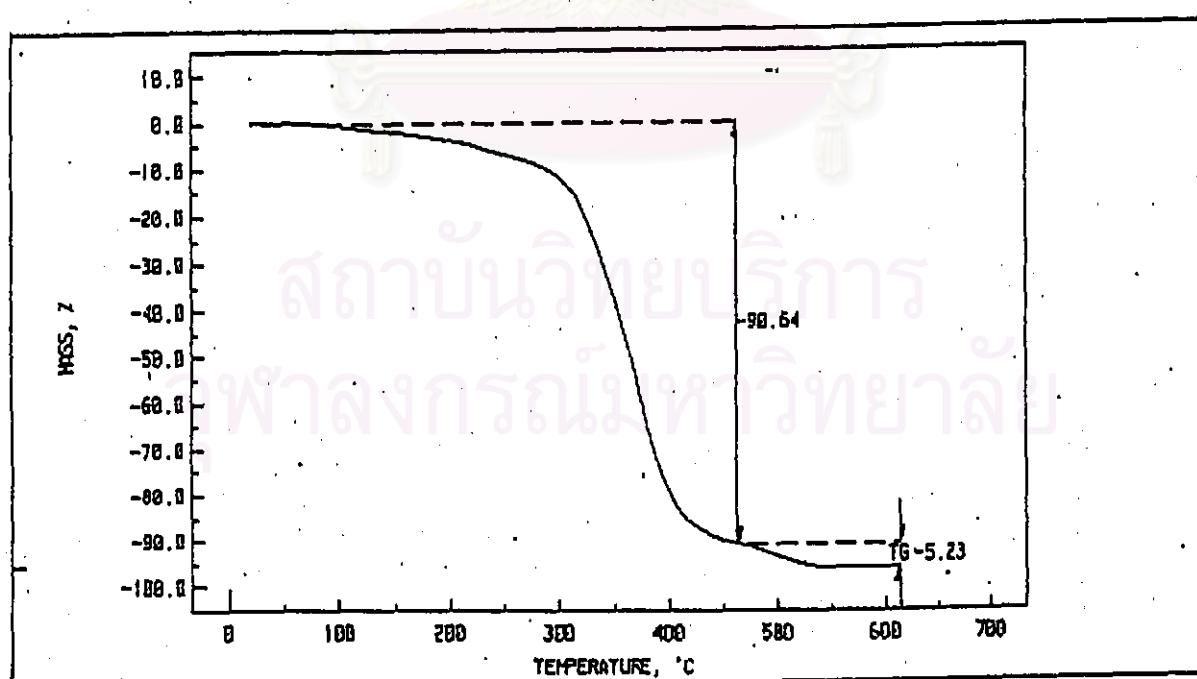

Figure C10: Thermogram of pentaerythritol tetrakis(octanoate)

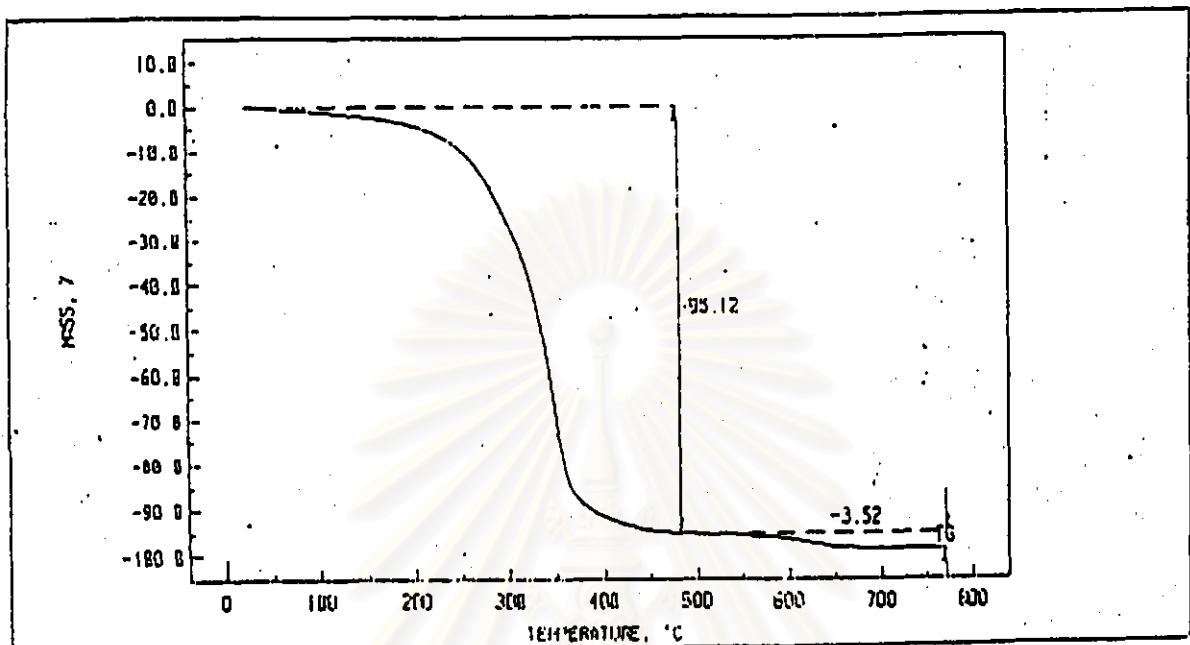

Figure C11: Thermogram of pentaerythritol tetrakis(nonanoate)

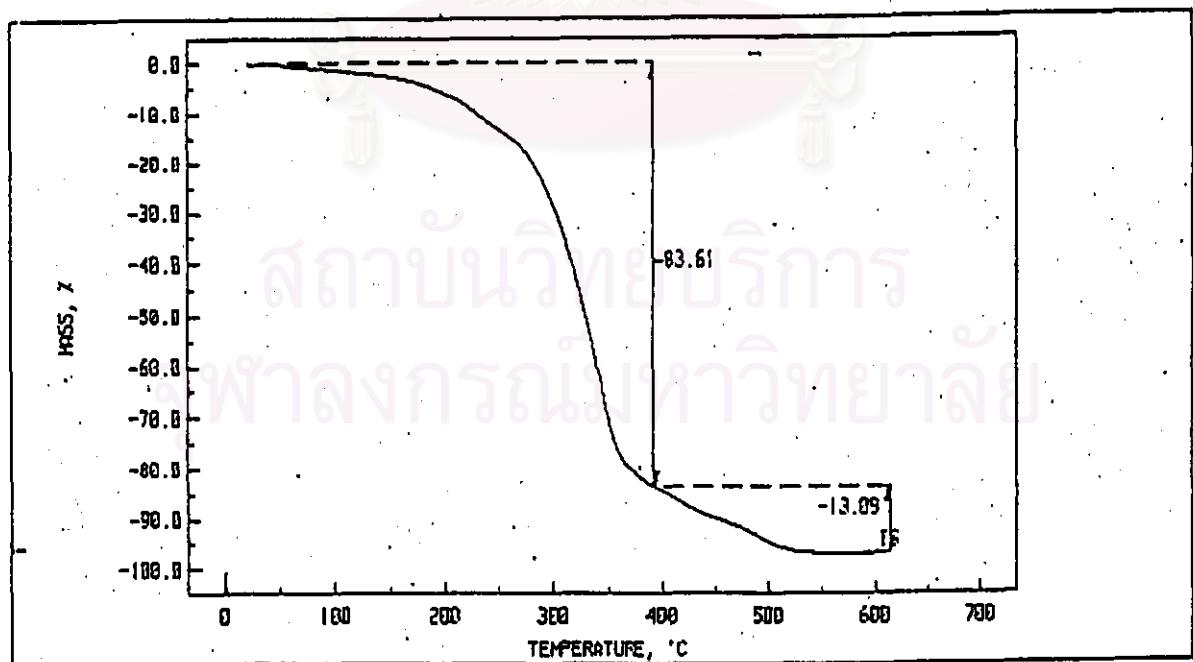

Figure C12: Thermogram of pentaerythritol tetrakis(2-ethyl-hexanoate)

## VITA

Mr. Chokchai Suwanwuttiwat was born on July 11, 1972 in Bangkok, Thailand. He received a B.Sc. in Chemistry from the Faculty of Science, Rajabhat Institute Suandusit in 1994. He began his Master study at Petrochemistry and Polymer, Graduate School, Chulalongkorn University, in 1994 and complete the program in 1997.
