VITA

                : Mr. Chit Durongsaeng

                : B.Sc. in Mathematics, 1970

                   Chulalongkorn University, Bangkok, Thailand.

Scholarship : University Development Commission (U.D.C.).

                   Thai Government, 1972-1973.

                : Instructor in the Department of Mathematics.

                   Faculty of Science, Prince of Songkla University.
