## APPENDIX

Medication

and

adverse drug reaction

recording

data

Therapy adjunct :-

Drug name	Average daily dose & route	Date start	Duration	Result			
				No effect	Improved	Super infection	Unknown

Complication :-

- Drug fever  No  Yes \_\_\_\_\_
- Anaemia  No  Yes (type) \_\_\_\_\_
- Optic neuritis  No  Yes \_\_\_\_\_
- GI symptoms  No  Yes \_\_\_\_\_
- Skin rash  No  Yes \_\_\_\_\_
- Hypersensitivity Reaction  No  Yes \_\_\_\_\_
- Thrombophlebitis  No  Yes \_\_\_\_\_
- Grey syndrome  No  Yes \_\_\_\_\_
- Bleeding due to increase prothrombin time  No  Yes \_\_\_\_\_
- Others  No  Yes \_\_\_\_\_

Clinical Evaluation at the end of Therapy :-

- Discharge on \_\_\_\_\_ Day in Hospital \_\_\_\_\_
  - Complete resolution of signs & symptoms of infection
  - Improvement
  - failure
  - Indeterminate
- follow up  No  Yes \_\_\_\_\_ days after discharge
- Survival or death :-
  - alive
  - Death caused by infectious process
  - " " accompanying process
  - " " Infection process and accompanying disease
  - Cause of death indeterminate

## VITA

Name: Miss Nisamane Satyapan

Date of Birth: March 10, 1955

Place of Birth: Bangkok, Thailand

Education: Certificate of High School in 1972 from Triam-udom  
Suksa School, Bangkok

Bachelor of Science in Pharmacy in 1977 from Faculty  
of Pharmaceutical Sciences, Chulalongkorn University,  
Bangkok

Position: Medical Representative of G.D. Searle (Thailand),  
Co., Ltd. Bangkok, from 1978-1981

Part-time Pharmacist at Samitivej Hospital, Bangkok,  
from 1980-1982
