## Abbreviation used on the figures

AA	anterior frontal angle	EZ	epizygum
ACG	accessory gland	FS	frontal suture
ACP	acanthoparia	G	galea
ACR	acroparia	GCH	genital chamber
ACS	anterior clypeal seta	LA	lacinia
ANP	anal opening	LT	lateral setae
CNO	common oviduct	MBT	membranous tissue
CO	corypha	MO	mola
CPA	chaetoparia	MP	maxillary palpus
CS	clypeofrontal suture	PCL	precoila
DAG	dorsoanal groove	PE	pedium
DES	dorsoepicranial seta	PMR	paramere
DIP	dorsal impressed line	PTA	postartis
DSS	dorsal sensory spot	PTT	pternoterna
DX	dexiotorma	RET	rectum
ECS	exterior clypeal seta	STA	stridulatory area
EFS	exterior frontal seta	STT	stridulatory structure
EJD	ejaculatory duct	T	teges
EPP	epipharyngeal pore	UN	uncus
ES	epicranial suture	VDR	vas deferens

## Vita

Miss Chuanpis Yanajaree received a Bachelor of Science in Biology in 1967 at Chulalongkorn University. In 1968 she enrolled in the Graduate School at the same university. Now she has been employed as an instructor in the Department of Biology, Faculty of Science, Mahidol University, Bangkok, Thailand. Her study was made possible by a grant from the Graduate School of Chulalongkorn University.
