VITAE

Md. Jahangir Kabir was born in October 01, 1971 at Satkhira in Bangladesh. He received his Bachelor Degree in Chemical Engineering from Bangladesh University of Engineering and Technology (BUET), Dhaka, Bangladesh in July 1997. He started working as Assistant Manager in Bangladesh Gas Fields Company Limited (BGFCL), a Company of Bangladesh Oil, Gas and Minerals Corporation (Petrobangla) since late 1998. Since joining, he worked with Reservoir Engineering, Petroleum Engineering and Well Survey & Testing department. In October 2005, he has been promoted to Deputy Manager (Well Survey & Testing) and he has been sent to Chulalongkorn University for higher study and till to-date he is an employee of BGFCL.

He was a graduate student of Petroleum Engineering, Mining and Petroleum Engineering department, Chulalongkorn University since October 2005.
