## BIOGRAPHY

Miss Rungtiwa Piamtongkam was born on April 25<sup>th</sup>, 1979 in Bangkok, Thailand. She got a Bachelor's Degree of Science in Biochemistry, Faculty of Science, Chulalongkorn University in 2000. Later in 2001, she furthered her Master's Degree of Science from Program in Biotechnology, Faculty of Science, Chulalongkorn University, at which she finished in April of 2004 with "very good" merit from her defense examination. Then, she continues studied in Program in Biotechnology, the same place, with received a 3 years-grant from the Royal Golden Jubilee Ph.D. Program (RGJ), Thailand Research Fund and including financial support from France Embassy in Thailand for extended 9 months during corroboration under supervisor of Professor Alain Marty, in the Laboratory of Biological system engineering and Bioprocess (LISBP), Institut National des Sciences Appliquées (INSA), Toulouse, France.

### Outcome from this study

Rungtiwa Piamtongkam, Leticia Casas Godoy, Sophie Duquesne, Alain Marty and Warawut Chulalaksananukul. 2010. Overexpression and characterization of *Candida rugosa* lipases isoenzymes in *Yarrowia lipolytica*. In preparation for Protein Science.

Rungtiwa Piamtongkam, Sophie Duquesne, Sophie Barbe, Isabelle André, Warawut Chulalaksananukul, and Alain Marty. 2010. A single amino acid located in the substrate binding site of *Candida rugosa* lipases Lip1, Lip3 and Lip4, directs their enantioselectivity towards 2-bromo phenyl acetic acid octyl esters. *Tetrahedron: Asymmetry*. Submitted.

Rungtiwa Piamtongkam, Vanpisek Jutapak, and Warawut Chulalaksananukul. 2010. Biodiesel production catalysed by *Candida rugosa* lipase. In preparation for Feul.

### Conference and Proceeding

Rungtiwa Piamtongkam and Warawut Chulalaksananukul. 2007. Biodiesel production from triolein and methanol catalysed by immobilized Lipases. The 12th Biological Sciences Graduate Congress, 17-19 December 2007, University of Malaya, Malaysia. : **Oral presentation.**
